RE: St. Lawrence School Expansion

Dear Steve,

On behalf of St. Lawrence School and Parish, thank you for the outstanding job your company did in completing the recent St. Lawrence School Expansion project. Because of your diligence and commitment to this project, we were able to take occupancy a full month ahead of schedule. This was especially remarkable as we added several significant components to the project that were not identified in the original scope of work.

In a time when construction projects are often difficult to complete, especially when it involves volunteer committees and non-profit fund raising efforts, you exceeded our expectations. Throughout the entire project, we only heard positive comments regarding Hudepohl Construction Company's willingness to cooperate and work towards getting the job done. You should be very proud of this accomplishment. We certainly are!

Yours Truly,

Jack Sutton, Chairman  
St. Lawrence School Expansion Committee
