To Whom It May Concern:

This letter is in reference to Steve Hudepohl and Hudepohl Construction Company. I had the opportunity to work with Steve and Hudepohl Construction Company this past school year and summer. While I was excited to get a new addition to the school I was also apprehensive about the noise, dirt, safety of the students, and time of completion. There was no need to be concerned though; those issues were addressed in our first meeting.

I met with Steve Hudepohl regularly to address any questions or concerns. He kept me informed as to what was going on and where they were in the construction process. I was given his cell, work, and home phone numbers and told to call anytime that I had a question. Phone calls were returned promptly, any problems that arose were addressed immediately, and the site was cleaned up nightly.

I found Steve Hudepohl and Hudepohl Construction Company to be very dependable. The teachers and students were able to move into our new building a couple of months ahead of schedule and were extremely happy with the building and the work that was done. I am very pleased with the building and would not hesitate to hire Hudepohl Construction Company for our next project.

Sincerely,

Dena Steiner  
Principal
